

Directive (EU) 2015/863
(Amendment of
2011/65/EU und 2002/95EG)

05.04.2016

Ernst Krüger GmbH & Co KG
Vulcanized Fibre
Punched Parts from Insulating Materials

The requirements according to the Directive (EU) 2015/ 863 describing the amendment of Annex II of the directive 2011/65/EU have no additional restrictions to our products, compared to EU directive 2002/95/EG (RoHS).

Restricted substances according to Annex II are not used intentionally in our products and the respective limits are not exceeded to our knowledge.

For you as our customer there is currently no need for further actions. It should not be expected, that either our suppliers or we will be hindered in our ability to deliver.

The exact wording of the directive can be found here:
